PRODUCTION OF PLASTIC CONNECTION PARTS

D.I.Y Packaging Solutions

ABOUT US

Özgür Plastik Sanayi Ticaret Limited Şirketi was established in 1994 by Bedri Oral. The company's field of activity is the production of plastic fasteners. With its past experience, it has created user-friendly products with plastic dowel designs that have not been made before in the industry. Bedri Oral died in 2008 as a result of his unfortunate illness. The company continues its activities with Özgür Oral, a second generation Electronics Engineer.

quality is our priority.

Our main goal in our production processes is to follow up the product and to solve the quality problems that may occur before they reach the customer.

PRODUCTION PROCESSES

Our production steps:

- Planning
- Analyzed raw material supply
- Forming
- Production
- Packaging

Our company solves these processes with independent operation centers. These centers are managed by our teammates.

PRODUCT VARIETY

Our company has close to 100 plastic injection molds. The product groups of these molds are:

- Plastic Dowel Fasteners
- Furniture Fasteners
- Tile Tile Leveler parts
- curtain accessories
- curtain rail accessories
- Electrical cable fixing clips
- Insulation Anchor and Auxiliary Equipment
- D.I.Y Packaging
